Group Healing - Sacred Sound Sessions - Workshops

(Led by Suzette)

Spiritual evolution is your destiny. Allow this Hawaiian adventure to catapult you towards wholeness and joy. Suzette is a gifted teacher and profound energy and sound healer, she is assisted by Tammy May, a Lightworker inspired to heal, teach and help others as well as the Earth. They are holding the space and creating the grids for your transformational shift to better health and higher consciousness. Suzette, in Oneness with Divine Energy, will create a higher resonance for you to allow in a greater influx of Healing Light. In her workshops and group energy/sound healing, Suzette will facilitate your release of energy patterns that make up disease, illness and negative life situations. Your inner work will simultaneously benefit Mother Earth and humanity, as we collectively go through a spiritual and physical purification.

Dolphin Excursion

Led by spiritually attuned Capt. Nancy Sweatt who has a deep reverence for the Dolphins and their role on planet Earth.

Experience a mystical adventure that will touch your heart and feed your soul forever. Swim with wild Dolphins in the beautiful Hawaiian waters and be entranced by their mere presence and playful antics.

Discover the Dolphins amazing sonar abilities and be mesmerized and

energetically uplifted as they flow through the water, undulating with rhythm, cadence and grace. Experience the joyful noise of the God-self within as you become One with them. Dolphins have a symbiotic connection and love for mankind and our greater planet. It is a privilege and honor to join these loving creatures.

Manta Ray Trip

(Led by Capt. Nancy)

Spectacular sunset excursion to see the magnificent Manta Rays!

Dinner is served while the sun sinks into the Pacific Ocean.

As dusk darkens the sky, the Manta Rays come to feed. We will put on wetsuits and our snorkeling gear and slip into the ocean, watching these angels of the sea dance as we joyfully experience the harmony

of the universe. We cruise back to the harbor with the stars twinkling and the moon coming up over the mountains, it will be a spectacular night to remember!

Volcanoes National Park Tour

With reverence, we will approach the Halemaunau Crater, home of volcano Goddess Pele, and offer our gifts to show ihi (respect), an important aspect of the Hawaiian attitude towards life. We will walk through a lava tube, the womb of Mother Earth, to a new manifestation asking for Pele's blessing on a new opportunity of our design.

“A Place of Refuge” Sunset Water Cleansing Ceremony (Led by Tammy May)

The safety of all places of refuge was firmly rooted in the Hawaiian belief system. No one including rival chiefs, dared risk incurring the wrath of the gods by violating the sanctity of this sacred site pu'uhonua. The site is partially enclosed by the great stone wall constructed around 1550.

Guided Sacred Site/Waterfall Tour

Experience the Big Island with a guide that will lead us to Sacred Sites. The guide will customize the tour based on the dynamics of the group
